Carpet brush extractors with pressure sprays, rotating brush and powerful vacuum for intensive carpet cleaning and renovation.

The Tennant 1240 and 1260 are powerful carpet extractors with exceptional cleaning power which remove heavy dirt and soiling from deep within the carpet pile. The result is efficient, time-saving, one-pass cleaning of heavily soiled carpets, restoring and enhancing their appearance.

Cleaning solution combines with brush agitation and powerful suction to remove all types of dirt from short or deep pile carpets, making the 1240/1260 especially suitable for large carpeted areas in hotels, schools, airports and hospitals.

- **Adjustable brush height: optimum performance on any carpet pile**
- **Front mounted vacuum head: excellent suction power even in corners**
- **Simple two-switch operation: extremely easy in use.**
- **No-tool detachments of spray jets: effective, low-cost maintenance**
- **Automatic brush and solution shut-off: prevents overwetting and improves safety**
- **Roto-moulded polyethylene body and parts: extremely durable**
- **Built-in circuit breakers: protect electric components and reduce service costs**
