

T7

Micro-rider Floor Scrubber

- Just-scrubbed floors immediately clean, dry and safe for traffic with foam-based FaST™ technology
- 75% lower sound level (67 dBa)
- Easily cleanable, sanitary Hygenic™ solution and recovery tanks

The Safe Scrubbing Alternative®

A high-performance scrubber to match your higher standards.

The new T7 micro-rider delivers an advanced state of safety and cleanliness with award-winning FaST technology and a sound-level 75% lower than leading competitive models.

Create a cleaner, safer environment

The FaST system is the best way to meet the highest cleaning standards using 70% less solution. That's because FaST foam cleans so well it not only captures existing soil, it also removes old, slippery detergent residues. The result is a cleaner, higher-traction floor that reduces your risk of slip-and-fall.

Improve environmental health in your facility

Exclusive Hygenic tanks allow for easy access and sanitization reducing mold, bacteria and other contaminants that can grow in enclosed tanks.

Quietly clean in noise-sensitive environments

At only 67 decibels, the T7 has a 75% lower sound level than leading competitive models – comparable to normal conversation levels.

ENGINEERED FOR SAFETY

Minimize the risk of slip-and-fall injuries and help control insurance costs. With FaST on your T7, just-scrubbed floors are clean, dry and safe for traffic immediately.

Reduce operator fatigue and increase productivity. Ergonomic design makes cleaning with the T7 more comfortable for your staff.

Increase scrubbing effectiveness and quality. Clear sight lines and simple controls mean operators can focus solely on their cleaning environment.

FaST FLOORS ARE SAFER FLOORS

FaST is the only automatic scrubbing system certified to increase floor traction up to 21% by the National Floor Safety Institute, reducing the risk of slip-and-fall.

FaST foam cleans so well, it uses 70% less solution to remove existing soil, as well as old, slippery detergent residue resulting in clean, higher-traction floors.

With the self-contained FaST-PAK™, operators are safer, never handling chemicals.

FaST foam uses up to 70% less water and 90% less detergent – conserving water, reducing waste disposal, and making FaST the safest environmental choice.

- (A)** Solution and recovery tanks easily cleanable. Exclusive Hygenic tanks are fully accessible for sanitization.
- (B)** Quickly remove and replace brushes and squeegees. Plus, with the “no hassle” squeegee system, there are no tools for maintenance and the blade is factory set at the optimum recovery angle.
- (C)** Clean tight spaces and narrow aisles with T7's compact design and highly maneuverable handling.
- (D)** Easily train new operators to use the simple, intuitive controls.
- (E)** Decrease the chance of accidents with automatic braking and parking brake actuation.
- (F)** Leave behind no cleaning solution, even around 180-degree turns, with the T7's equal-pressure, parabolic squeegee.

FaST-PAK™ CLEANING CONCENTRATE

Easy-to-handle FaST-PAK cartridges are safe to use on a variety of floors effectively cleaning light-to-heavy soils and grease.

Available in FaST 365 concentrate or 665 heavy duty cleaner/degreaser.

Tested Safe for Floor Finishes

The nationally-recognized independent testing laboratory, ASPEN, determined that FaST:

- Performs as well as or better than conventional scrubbing;
- Effects on finish gloss are the same as conventional scrubbing.

For a copy of test results, please call toll-free 800.553.8033.

FaST is the first and only automatic cleaning system certified by the NFSI to dramatically improve overall floor traction by up to 21%.

T7 MICRO-RIDER FLOOR SCRUBBER

FEATURES	T7 26-inch/650 mm	T7 32-inch/800 mm
Productivity (per hour)		
Theoretical max	45,760 ft ² /4,250 m ²	56,320 ft ² /5,230 m ²
Estimated Coverage* (Conventional)	23,760 ft ² /2,210 m ²	29,700 ft ² /2,760 m ²
Estimated Coverage* (FaST)	31,680 ft ² /2,950 m ²	39,600 ft ² /3,680 m ²
Brush/Pad Drive System		
Brush size (2 disc)	13 in/330 mm	16 in/410 mm
Brush motor horsepower	0.6 hp/0.45 kW	0.6 hp/0.45 kW
Brush RPM	225 RPM	225 RPM
Brush/pad pressure	80, 120, & 160 lbs 35, 55 & 75 kg	80, 120, & 160 lbs 35, 55 & 75 kg
Solution Delivery System		
Solution tank description	Full access & cleanable	Full access & cleanable
Solution capacity	29 gal/110 L	29 gal/110 L
Recovery System		
Recovery tank description	Full access & cleanable	Full access & cleanable
Recovery tank capacity	29 gal/110 L	29 gal/110 L
Vacuum motor	0.6 hp/0.45 kW	0.6 hp/0.45 kW
Battery System		
System voltage	24 volt	24 volt
Battery amp hour rating	235 AH	235 AH
Battery run time (continuous cleaning rating)	3.0 hours	3.0 hours
Optional battery pack (335 AH)	4.5 hours	4.5 hours
Propelling System		
Transport speed forward (variable to)	4 mph/6.4 km/h	4 mph/6.4 km/h
Working speed forward (variable to)	3.6 mph/5.8 km/h	3.6 mph/5.8 km/h
Propel speed reverse (variable to)	2.5 mph/4 km/h	2.5 mph/4 km/h
Dimensions/Weights		
Product height	50 in/1270 mm	50 in/1270 mm
Product length	60 in/1520 mm	60 in/1520 mm
Product width (with squeegee)	33.25 in/850 mm	39.25 in/1000 mm
Product weight (with batteries)	850 lbs/386 kg	850 lbs/386 kg
Decibel Rating		
Operator's position	67 dBa	67 dBa
Optional Equipment	FaST, flashing lights, utility tray, 335 AH battery	
Brushes & Pads Available	Scrubbing brushes – non-suff polypropylene, soft nylon, abrasive bristle. Scrubbing pads – stripper pad (brown), scrubber pad (blue), buffing pad (red), polishing pad (white).	
Warranty	A minimum of ten (10) years on rotationally molded polyethylene housings and parts free from defects and workmanship under normal use and service. The non-polyethylene parts a three (3) year—or 1,500 hours of operation—warranty under normal use and service. On-site service labor coverage of warranty items for three (3) years.	
10/3/3		

**Estimated coverage rates use the practical speed and empty/fill time standards from the 2004 ISSA Cleaning Times handbook.*

SEEING IS BELIEVING

See for yourself how the T7 scrubber can help you reach a higher standard of cleanliness and safety in your facility. For a demonstration or additional information, call **800.553.8033**.
