

Tennant V10-V12-V14

The Tennant line of wet and dry vacuum cleaners provides a complete choice in tank capacity for every application. The Tennant V10 (16L wet capacity) and V12 (25L wet capacity) are robust and high performing industrial vacuum cleaners that remove water effectively from all types of decorative and hard floor surfaces.

The V14, with a 48L wet capacity, is a multi purpose industrial trolley mounted vacuum cleaner designed for heavy-duty cleaning of extended floor areas. All models are available with a choice of tools that provide the flexibility for optimal cleaning performance.

Features

- 2-Stage high performing by-pass motor
- Various tank capacities
- Removable head
- Strong tank and head design
- Standard tools
- Tilting trolley (V14)
- Large transport wheels (V14)

Benefits

- Superior vacuum performance, increases productivity and reduces life cycle cost
- Tailored to your needs
- Easy to operate and maintain
- Durable, safe and life cycle cost are reduced
- Versatile and easy to use
- Effortless water disposal, increases productivity
- Stable and safe, easy to transport

Applications

- Healthcare
- Educational facilities
- Shopping centres
- Office buildings
- Warehouses
- Workshops
- Hospitality sector
